PUBLIC SAFETY MEASURES The Work Before Us

The world's war has been extended into your own home. Every American must do his or her part. Two billion dollars must be raised by June 13. Here is what you can do—only do it now. Talk Liberty Bonds to everyone you meet. Tell them they must fight the enemy with their dollars. Get them to work with you in selling the Bonds. Tell them the boys between 21 and 30 are to be drafted and fight the enemy in person. All others are drafted to fight the enemy with their dollars invested in Liberty Bonds. Do not wait for the other fellow. Start it yourself. It must be successful. Don't be a slacker. Subscribe to-day. Call on or write your nearest Bank for subscription blanks, and full information. Do your bit.

Rural School Day

I have thought it advisable and desirable this year for all the rural schools to assemble for the last school day of the year at the Norway Lake school grounds for a general picnic and entertainment. The purpose is for teachers pupils and parents to get together once a year in a social function that we may all feel a greater unity of purpose and have an annual event to which we may look forward. Such an event would be of lasting value to the children and accomplish as much as any week of work during the year. The continuance of this day as an annual affair will depend on the support it receives from the different schools and homes. The following program will be presented at two o'clock in the afternoon in the grove back of the school house:

Crocket Ridge, Song, "June"
Intermediate and Grammar grades
Swifts, "Our Flag"
Barnes Barker
Pleasant, "Our Country"
Three girls
Lake, "News"
Harold Gregg
Center, "When Some Fellows Daddied"
Solomon, "Exercise"

Four girls
Swifts, "Recreation"

Although it is not compulsory for all pupils to attend yet as this is a regular school day, it will effect their attendance by one day in the term report if they are not present. All will be expected to bring a picnic lunch and should arrive at the grove in time to partake in the noon lunch with the picnic.

All are urged to cooperate to make this a day the children will remember.

Should it rain, schools will be held as usual.

Supt. T. C. Morrill.

Gipsy Queen

The tuneful little operetta, Gipsy Queen, will be presented at the Norway Opera House, Friday evening, June 8, by pupils of the schools of Bridgton, Me. The direction of Agnes Russell, teacher of music, and Mrs. Harold Andrews, one of the assistants in the High school. The stage settings are particularly pretty, in the first act being a gipsy scene, with a fire beneath the kettle and a tent at one side, while in the second act, the scene is all in the charge of the fairies. The costumes are appropriate and the girls were most attractive in their gay gipsy dresses, or as dainty fairies, or as the rescuing Tyrolians. The singing is excellent, and being some very bright and spirited solos and choruses.

Scientific Canning Demonstration

A practical demonstration of canning in the latest scientific method will be held at Grange Hall Friday afternoon at one-thirty. This demonstration will be held under the auspices of the Red Cross, through the courtesy of the Public Safety Committee. Catherine Platts of the University of Maine Extension Department has been secured to conduct the demonstration, which should be of vital importance to every one, as the conserving of the food supply during the summer months will go a long way toward solving the shortage of the food supply in the next winter. Miss Platts will demonstrate the canning of all green vegetables and berries, and of utilizing the smallest part of each that has a food value, which would otherwise be wasted. Miss Platts will conduct a demonstration at Paris Hill for the forenoon, at the home of Mrs. William Roy Smith, using the spacious veranda for the work.

These demonstrations are free to all who wish to avail themselves of this branch of Home Economics, and it is hoped that the hall will be filled.

A regular meeting of the Veranda Club was held at the home of Clara I. Jordan, upper Main street, Thursday evening, May 24th. The meeting was conducted by the Pres. Mrs. L. F. Pegg. After the business meeting the hostess assisted by her sister, Virgie Murdoch, served strawberry short cake with whipped cream and coffee. The next meeting will be with Vira Kilgore on Wednesday evening, June 13th.

Wm. H. Dunn is suffering with a bad foot. Shorty Cook has quit shaving his upper lip consequently the crop of gray hair thereon furnishes many a joke. Patrons say Shorty looks ten years older because of this appendage. His assistant, Frank Richardson, is the chief joker and has the fun well advertised. The boss has one now on his youthful appearing assistant. One day this week a little chap called with his mother for a hair cut which was duly given by Frank. On reaching home one of the family asked him if Mr. Cook did the work. Cook as a flash the youngster came back with, "No, it was not Shorty Cook, it was his father."

Francis Swett of Brown University, son of Mr. and Mrs. Eugene N. Swett, has been engaged for the next year to teach a branch of biology at Tuft's Dental College, which is a new course to be added to the curriculum. He will take special studies during the summer and be well prepared for the work.

Several complaints have been made that the lake road and Water street have been turned into an automobile speedway. Teams backing from the yards and children passing along the highway have had narrow escapes because certain speed maniacs disregard the common sense in order to register at least forty miles per hour. Persons interested in this lack of judgement will start something if the gas isn't used less freely at least within the corporation.

At the regular meeting of New Co. No. 8, lower Main street, Wednesday evening, the firemen opened each hy-drant in the district and run off all foreign matter that collected during the winter.

Join the Red Cross and do it now! Every man in this locality should join at once, your dollar is needed. Every man not in active service with the colors has a duty to fulfill. Buy a bond or help in other ways. Norway has started in the Red Cross movement with a goodly number of members but more are needed, also more money and more workers.

This is the time when all must stand together for the success of the issue.

The rooms in Masonic block are open Tuesday and Thursday afternoons each week, as well as Monday, Thursday, Friday and Saturday evenings. Many women are doing their bit but there are lots of slacks. It is the duty of a lot of younger women to get busy and assist evenings. A girl who is not willing to give up at least one evening a week is shirking as much as the boy who fails to register. The singing is excellent, and being some very bright and spirited solos and choruses.

In the early winter Mrs. Frost was taken ill and has gradually failed until the end came. She bore her sufferings bravely and was never heard to complain. How Osteopathy Restored to Health a Blind, Deaf and Imbecile Child—A True Story From the Philadelphia Municipal Court

Records

The cure of blind, deaf and imbecile little Philomena Narducci by osteopathy—the facts about which can be verified by the records of the Juvenile Division of the Philadelphia Municipal Court—is one of the recent remarkable achievements of osteopathy which to the uninitiated may appear almost miraculous. It is an interesting and instructive story. A full account appears in *Osteopathic Health* for June. Get a copy from the osteopath of your community. It will be supplied without charge.

Investigate osteopathy. Study its principles and learn about what it has done and is doing for the sick and suffering and you will realize that it is a means of health protection and health restoration that may be of highest possible value to you if you are battling for when, perchance, you are attacked by a dangerous, acute ailment. Ask any osteopathic physician for copies of the magazine, *Osteopathic Health*. It tells in plain language about osteopathy and what it does. Adv.

The Epworth League held a rubber social at the M. E. parsonage last Thursday evening. The ticket of admittance was some old rubbers to sell to the "rag" man to raise money for church repairs. They also sold ice cream. All had a pleasant time playing rubber games and contests.

Dr. and Mrs. F. E. Wheeler started this week Wednesday afternoon, for a week's vacation with friends in Plainfield, N. J. The doctor will take in the American Medical Conference in New York City during the time. It has been ten years since they have taken a whole week's vacation.

Last week Friday evening, at the Universalist Church the contest between the men's and women's S. S. classes closed with a banquet provided by the men who were defeated by a few points. The supper consisted of hot rolls, strawberries and cream, salads, cakes, oranges and bananas. A program of entertainment was also provided. After dinner speeches, vocal solos by Alice Barden, a trio by the young men's chorus. Earle Bacon gave his Colby speaking contest selection, comedians, games, etc. closed a very delightful evening.

The Red Cross auxiliary has increased to 100 members and more promised. They met every Monday afternoon from 2 until 5 and Saturday evening from 7.30 to 9.30 in the Grange Hall. The chairman, Mrs. F. E. Wheeler has expressed some "wants" for the good of the work. Old table linen to be cut up into napkins 15 inches square. Soft cloth, even though it is second hand, to be cut into handkerchiefs 13 inches square. Men's women and children's shirts to clip rags for the fracture pillows. They already have two sewing machines which have been loaned, but they need more. \$15 has been contributed by the W. C. T. U., Pine Cone Club and others, but they need more to buy material to make. Also a red cross flag. They are modest in this last request in that a large flag is not required but something which can be put up at their place of meeting to show that the good work is going on and to help increase the interest. New colored cloth and excelsior for ambulance pillows are also needed.

Mrs. W. E. Cole is visiting relatives in Watford for a week.

Sidney Farrar, who has been quite sick at Frank Farnum's, is again able to be about.

The Christian Endeavor of the Baptist church held their monthly sociable at the home of Mr. and Mrs. S. T. White last week, Tuesday. It was a 10 cent affair with games and amusements, etc., and ice cream and cake for a treat. The day and evening was rainy, nevertheless, there was a good company present and all had a good time. Mrs. Q. A. Day, chairman of the social committee is quite efficient in this line. Rev. J. P. Barrett has consented to continue as supply for a while at least. His wife is in poor health, else he would move here. A men's class in S. S. has been formed with a good number, with Mr. Barrett as teacher.

Lewis M. Mann, Mr. and Mrs. A. H. Mann and Mr. and Mrs. E. J. Mann went to Lebron Sanitarium to visit Harrington S. Mann there and report he is gaining.

The Grammar Schools close this week for the summer vacation. The High School has two weeks more.

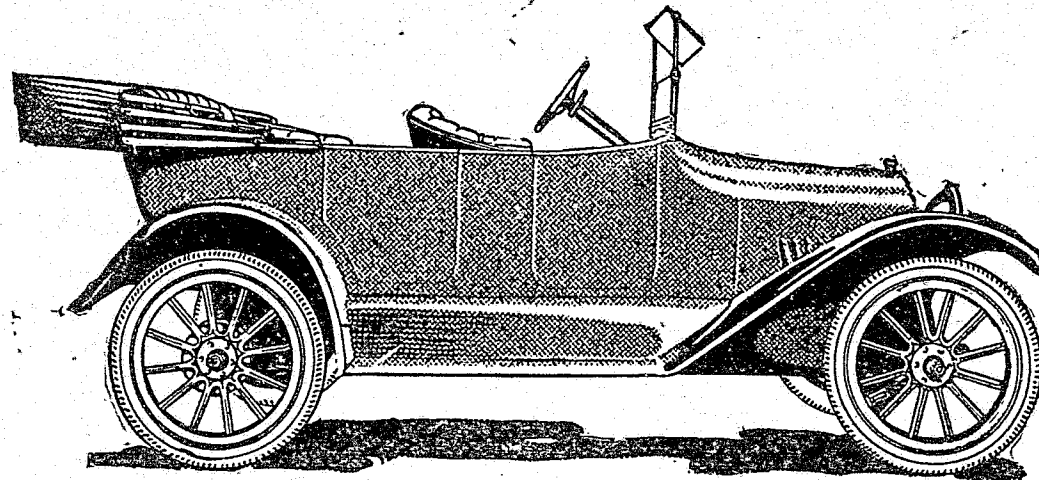

Field Day was held here Wednesday afternoon. A ball game and speakers, music by the children. It was a good day and a good time realized.

Roy Herriek who enlisted and is in training in Saco came Sunday night on account of his mother's death, who was visiting at J. M. Bryant's. The remains were sent to Boston, her home for burial. He remained here for a few days.

Another Hope Is Realized, Maine Farmer Explains

Wanted to Eat Anything, Could Not Do It Until He Took New Tanlac

"I can eat anything now without having even one slight touch of indigestion. Some time ago I would have been willing to give most anything to have made this statement. Tanlac is responsible for this change."

This is one of the most remarkable Tanlac stories that has been told in Maine in some time. It was made by D. A. Sylvester, farmer of Etna, Maine. Mr. Sylvester's statement shows results from the first bottle of Tanlac he took. Mr. Sylvester gives Tanlac credit for the remarkable change in his condition.

"I suffered from a severe case of stomach trouble and weak back," Mr. Sylvester explained. "My appetite was very poor all the time. I had frequent weak spells while I was working and at night I had difficulty in sleeping. Nothing I ate agreed with me. I had spells of gas on my stomach which was very disagreeable."

"I had tried many things in hopes of getting relief but I still suffered until I started to take your Tanlac."

"By the time I had taken one bottle of Tanlac I noticed changes for the better. I was pleased and quite naturally continued taking it. Now my stomach trouble has disappeared. I have no more pains in my back, my stomach is able to digest most anything, I eat and I sleep like a top. I never have any more gas on my stomach and I feel much better in every way."

"These are the kind of statements that have made Tanlac the most popular medicine in the world," said the Tanlac Man. "Those who are benefited by Tanlac are only too glad to tell the public so that others may receive help."

Tanlac now is being specially introduced in Norway at F. P. Stone's drug store. There is a Tanlac agent in every Maine town. Nearby Tanlac agents are South Paris, C. H. Howard; Harrison, Eugene Tenney; Bridgton, F. E. Stevens; Watford, L. R. Rounds; East Watford, R. E. Pinkham; West Paris, S. T. White.

SICK WOMAN HAD CRYING SPELLS

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Enhaut, Pa.—"I was all run down and weak inwardly. I had female troubles and nervous feelings and my head bothered me. I would often have crying spells and feel as if I was not safe. If I heard anyone coming I would run and lock the door so they would not see me. I tried several doctors and they did not help me so I said to my mother 'I guess I will have to die as there is no help for me.' She got me one of your little books and my husband said I should try one bottle. I stopped the doctor's medicine and took Lydia E. Pinkham's Vegetable Compound. It soon made a change in me and now I am strong and do all my work. Mrs. AUGUST BAUGHMAN, Box 86, Enhaut, Pa.

Why will women continue to suffer day in and day out and drag out a sickly half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

If you would like free confidential advice address Lydia E. Pinkham Medicine Co., Lynn, Mass.

ALBANY

Albert Pingree's Funeral

The sad news reached Albany last week that Albert Pingree, son of Charles Pingree, had passed away in the Biddeford hospital. He died with the typhoid pneumonia. Bertie Benn came up to Bethel with the remains Tuesday night. They both belonged to the Norway Co. and enlisted at the same time. He received his education in the Albany schools, Gould's Academy, North Bridgton academy. He was survived by a brother, Charles Pingree, his mother, four sisters, two brothers and his grandfather, Henry Foster of North Bridgton, who was lieutenant in the Civil war.
